About HIMSS

The Health Information Management Systems Society (HIMSS) is the healthcare industry's membership organization exclusively focused on providing leadership for the optimal use of healthcare information technology and management systems for the betterment of human health.

Founded in 1961, HIMSS represents approximately 20,000 individual members and some 300 member corporations that employ more than 1 million people. For additional information, you can visit our chapter website at <http://www.wisconsinhimss.org>.

HIMSS Vision

Advancing the best use of information and management systems for the betterment of health care.

HIMSS Mission

To lead change in the healthcare information and management systems field through knowledge sharing, advocacy, collaboration, innovation, and community affiliations.
